Mr. Kumar was critical about the present educational scenario. He said, "The students should not gain only knowledge but skills that make them employable in a competitive global environment." He pointed out, "Majority of the technical and professional education institutes in the state are focusing upon producing engineers and doctors. Hardly any of these is bothered about producing good teachers." He observed that, "Most of our students do not even see laboratories in their colleges, but they do score cent per cent marks in practical

exams."

Vote of thanks was proposed by PDG Rtn. Shaju Peter. He thanked the teachers for devoting good part of their life in imparting education to others. Shaju said, "We are grateful to Mr. Suresh Kumar for doing some reality checks on the current situation and scenario." He also thanked the Program Chairman, PP Capt.
