Oral hygiene.... key to health **(Report by: Secretary Dr. Rtn. Mrs. Rita Kalra)**

Prof. Dr. K. Gauba

In the club meeting on 3rd January 2014, the chief guest for the evening Prof. Dr. K. Gauba, HOD and Chair, Dept. of Oral Health Sciences, PGI was introduced by Rtn. Prof. Dr. I.S. Dua, as the

founder Principal of Dr. Harvansh Judge Dental College, Panjab University, which was not only his passion and dream, but also dedicated to the dental profession. He has been associated with PGIMER since his post graduation from Punjabi University. He has several publications to his credit. He has been speaker at various conferences and honored with awards. His dedication to the profession is well reflected in his achievements.

Prof. Gauba started his presentation with, "We all were born with no cavities." He described the types of teeth - temporary and permanent dentition, structure and parts of tooth in detail. The commonly occurring dental diseases can be grouped into four types: Dental caries, periodontitis, mal occlusion and oral cancer.

He went on to explain in detail the causative factors, the process and progress of disease in type and methods of prevention. He said we are very careful about consuming clean and hygienic food but don't bother to clean our mouth. So the good food becomes bad with micro organisms and goes into the digestive system and is absorbed causing various diseases.

Dr. Gauba suggested that children should be allowed to eat chocolates, but once a week and as much as they want, followed by brushing.

The golden rules for prevention of dental diseases are: brush after every meal, do not take sweets more than three times in a day, eat fibrous fruits, nutritious and balanced meals not more than 5 times a day and visit your dentist every six months. Do not forget to take your brush along with your meals to office for long and healthy life of your teeth.

Several queries came up. So it seemed that we had attention of the Rotarians in body and mind to take care of our priceless possession.

President Deepak Sood thanked Dr. K. Gauba for his meaningful presentation.

The history of Rotary's Mottoes

Source: <https://www.rotary.org/myrotary/en/history-rotarys-mottoes>

Rotary's official mottoes, Service Above Self and One Profits Most Who Serves Best, trace back to the early days of the organization.

In 1911, He Profits Most Who Serves Best was approved as the Rotary motto at the second convention of the National Association of Rotary Clubs of America, in Portland, Oregon. It was adapted from a speech made by Rotarian Arthur Frederick Sheldon to the first convention, held in Chicago the previous year. Sheldon declared that "only the science of right conduct toward others pays. Business is the science of human services. He profits most who serves his fellows best."

The Portland convention also inspired the motto Service Above Self. During a convention outing on the Columbia River, Ben Collins, president of the Rotary Club of Minneapolis, Minnesota, USA, talked with Seattle Rotarian J.E. Pinkham

about the proper way to organize a Rotary club, offering the principle his club had adopted: Service, Not Self. Pinkham invited Paul P. Harris, who also was on the boat trip, to join their conversation. Harris asked Collins to address the convention, and the phrase Service, Not Self was met with great enthusiasm.

At the 1950 RI Convention in Detroit, slightly modified versions of the two slogans were formally approved as the official mottoes of Rotary: He Profits Most Who Serves Best and Service Above Self. The 1989 Council on Legislation established Service Above Self as the principal motto of Rotary, because it best conveys the philosophy of unselfish volunteer service. He Profits Most Who Serves Best was modified by the 2004 Council to They Profit Most Who Serve Best and by the 2010 Council to its current wording, One Profits Most Who Serves Best.
